The *Daniel* (1-3-549B)

TRADITIONAL

Sweeping rooflines and a dramatic, arched transom entry contribute to the sophisticated appeal of this compact, open-concept home. A large sun deck, accessed from the family room, adds to the outdoor living space.

TRADITIONAL: This home package includes design, construction plans, and all the materials required to build the structure of this home to the lock-up stage. Materials include export-grade framing lumber, an engineered wood truss system, low-maintenance siding and energy-efficient windows. This design features the use of conventional construction methods. It can be modified to suit individual site conditions.
